

System Protection Roofing Limited Warranty

Extended protection for your roofing system.

SYSTEM **PROTECTION** Roofing Limited Warranty

*Includes Extended Limited Warranty Protection.**

System Protection Roofing Limited Warranty*

Extended protection for your roofing system.

Protect your investment

A healthy roof consists of many parts. With the Owens Corning Roofing and Asphalt, LLC (“Owens Corning”) System Protection Roofing Limited Warranty,* every Owens Corning® component of your Total Protection Roofing System*^ is covered by an extended limited warranty.* It's a smart way to help ensure your investment is protected for years to come.

Peace of mind

The System Protection Roofing Limited Warranty* has up to a 50-year “non-prorated” period for both material defects and the labor to repair or replace them, whereas many standard warranties have a 10-year non-prorated warranty period. With the System Protection Roofing Limited Warranty,* you can rest easy knowing you have this coverage.

Coverage

The System Protection Roofing Limited Warranty* provides coverage for both material defects and the labor to repair or replace them, including tear-off and disposal.

Additionally, every Owens Corning® roofing component, except the electrical components of the VentSure® Solar Attic Exhaust Fan, and VentSure® off-ridge exhaust vents, take on the warranty of the shingle installed, in many cases, extending their warranty period. The System Protection Roofing Limited Warranty* does not cover non-Owens Corning® roofing components such as flashing, fasteners, pipe boots and wood decking.

One-time transfer*

Whether you're staying in your home for years to come or planning to sell, the System Protection Roofing Limited Warranty is transferable,* making it an excellent investment. If you're planning to sell, this warranty may provide a highly desirable benefit to future homebuyers.

Requirements

To be eligible for the System Protection Roofing Limited Warranty,* you must purchase and install Owens Corning® shingles and at least three of the following Owens Corning® roofing components (one product from each category where applicable):

- Owens Corning® Hip & Ridge Shingles.
Note: This component is **required** for all shingles with a limited Lifetime warranty* (see chart).
- Owens Corning® WeatherLock®, Titanium® PSU30 or RhinoRoof® Self-Adhered Ice & Water Barrier products.
- Owens Corning® Underlayment products including Owens Corning® Deck Defense® High Performance Roof Underlayment, ProArmor® Synthetic Roof Underlayment, RhinoRoof® U20, Titanium® UDL25, Titanium® UDL30, or Titanium® UDL50 Synthetic Roof Underlayment or FIBERGLAS™ Reinforced Felt.
- Owens Corning® Starter Shingle products.
- Owens Corning® VentSure® Ventilation products: If a VentSure® product is used it must be part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure® intake vent AND VentSure® exhaust vent are both used, this will count as one of the three requirements previously mentioned.

In addition, you must meet the following requirements:

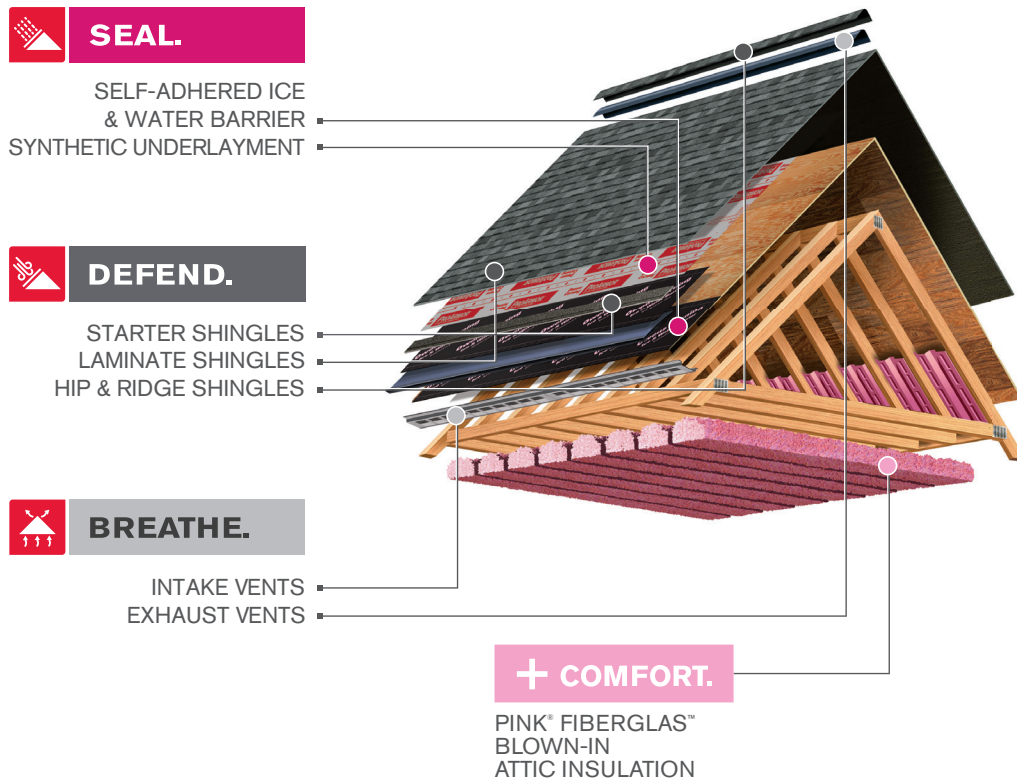

- An Owens Corning Roofing Platinum or Preferred Contractor must install your roofing system and adhere to local building codes.
- Your roofing system must be installed over an approved underlayment on a clean roof deck with all existing roofing material and debris removed.*

This warranty must be registered by your Owens Corning Roofing Platinum or Preferred Contractor within 60 days of the installation.

The Total Protection Roofing System^{®^}

Total Protection Roofing System^{®^} is the name we give our system of Owens Corning[®] roofing components. The graphic below helps you see where these Owens Corning[®] roofing products are typically located on a roof deck. From beautiful, water-shedding Owens Corning[®] shingles to ventilation, ice and water deck barrier and starter shingle products, the Owens Corning[®] Total Protection Roofing System[®] is designed to increase the performance of your roof. Non-Owens Corning[®] products, such as flashing, fasteners, pipe boots and wood decking, are not covered under the terms of this warranty.

Compare the Coverage

Shingles	Warranty Length ¹	Wind Resistance	Standard Product Limited Warranty* Coverage		System Protection Roofing Limited Warranty* Coverage	
			TRU PROtection [®] Period ⁴	Wind Warranty Coverage	TRU PROtection [®] Period ⁴	Wind Warranty Coverage
Berkshire [®]	Lifetime ^Δ	130 MPH	10 Years	15 Years	50 Years	15 Years
Woodmoor [®]	Lifetime ^Δ	110/130 MPH ²	10 Years	15 Years	50 Years	15 Years
Woodcrest [®]	Lifetime ^Δ	110/130 MPH ²	10 Years	15 Years	50 Years	15 Years

Duration [®] Series [†]	Lifetime ^Δ	130 MPH	10 Years	15 Years	50 Years	15 Years
Oakridge [®] ***	Lifetime ^Δ	110/130 MPH ³	10 Years	15 Years	50 Years	15 Years
Supreme [®]	25 Years	60 MPH	5 Years	5 Years	15 Years	5 Years

* See actual warranty for complete details, limitations and requirements.

† Includes TruDefinition[®] Duration[®], TruDefinition[®] Duration[®] COOL, TruDefinition[®] Duration[®] Designer Colors Collection, TruDefinition[®] Duration FLEX[™], TruDefinition[®] Duration MAX[™], TruDefinition[®] Duration STORM[™]††, Duration[®] Premium and Duration[®] Premium Cool Shingles.

†† WeatherGuard[®] HP Shingles require WeatherGuard[®] HP Hip & Ridge Shingles, TruDefinition[®] Duration STORM[®] Shingles require ProEdge STORM[®] Hip & Ridge Shingles, and TruDefinition[®] Duration FLEX[®] requires ProEdge FLEX[®] Hip & Ridge Shingles to complete a UL 2218, Class IV impact-resistant roof system.

*** Includes TruDefinition[®] Oakridge[®] Shingles.

Δ Excludes non-Owens Corning[®] roofing products such as flashing, fasteners, pipe boots and wood decking.

Δ For as long as Owner owns home.

¹ Prorated after TRU PROtection[®] period has expired.

² 130 MPH is applicable only with Owens Corning[®] Starter Shingle product application along eaves and rakes in accordance with installation instructions.

³ 110 MPH is standard with 4-nail application. 130 MPH is applicable only with 6-nail application and Owens Corning[®] Starter Shingle product application along eaves and rakes in accordance with installation instructions.

⁴ Labor is not included after the TRU PROtection[®] period has expired.

NOTE: When properly installed, Owens Corning[®] Hip & Ridge Shingle warranty terms will match with the corresponding roofing shingle. (See specific Hip & Ridge Shingle installation instructions for details.)

NOTE: Owens Corning does not warrant non-Owens Corning[®] products. For best results, Owens Corning strongly recommends the use of non-neoprene, metal, lead, or ridged plastic pipe flashing around all plumbing vents.

Compare our coverage.

A new roof is an important investment in your home, and it's critical that you understand the warranty protection that comes with it. When choosing the right coverage for your Total Protection Roofing System,^{®^} take time to review the advantages of the System Protection Roofing Limited Warranty.* Please see the actual warranties for complete details, limitations and requirements.

	Standard Product Limited Warranty* Coverage	System Protection Roofing Limited Warranty* Coverage
Roof Deck Preparation	Clean deck recommended	Clean deck required
Roofing System Components Required	Not required	Required
TRU PROtection [®] Non-Prorated Period	Material, labor	Material, labor, tear-off, disposal
Prorated Period	Material	Material
Length (Non-Prorated Period)	5–10 years	15–50 years
Workmanship Protection Period	Not included	Not included
Transferability	One-time	One-time \$100
